In Their Industry It's Hip to Be Square, But BHC RHODES Likes Being a Dotte!

BHC RHODES' long history in Wyandotte County makes the growth and success of the area particularly important to them. With more than forty years invested in Wyandotte County, BHC RHODES has been involved with numerous historical and current projects that have helped to catapult "The Dotte" to the destination mecca it is today.

Murray Rhodes, Vice President of Surveying Services for BHC RHODES held the Wyandotte County Surveyor and Planning Director titles back when the stock yards were transitioning into a hot pocket for commercial development. Historic Wyandotte County land maps used by Mr. Rhodes back in-the-day, are housed in the library at their office located at 8th and Armstrong inside the restored Kansan Newspaper building. Many maps are still used for historic land documentation by industry attorneys, real estate brokers and other professionals. BHC RHODES can provide land records that go back as far as the 1800's in Wyandotte County and cover the metropolitan area. This rich history and deep roots embedded in the change and growth of the area is what makes BHC RHODES the leading expert in Engineering & Surveying in Wyandotte County.

BHC RHODES' hand print for engineering, surveying and construction service projects can still be seen today. A snapshot of those that impacted positive change and growth for the area include: the Wizards Soccer Stadium, Hollywood Casino, Schlitterbahn Vacation Village, Prescott Plaza Redevelopment, Deffenbaugh Industries, The Speedway, Turkey Creek Division Tunnel, Americold Mine, Kaw Point Walking Trail, Santa Fe Industrial Park, the GM Fairfax Plant, and street improvements throughout the County.

But, BHC RHODES' reach extends far beyond Wyandotte County. Their Utility Services team has provided services for national utility customers from coast to coast. Their Development team has projects active throughout the Midwest, and their Public Works team serves throughout the metropolitan area and western Kansas. "We are proud to be an entrenched partner in the Kansas City area. It has been a great place for us to grow our business." commented Kevin Honomichl, President.

For more information about any of their three office locations in Kansas City, Dodge City or Overland Park, KS, contact Kevin Honomichl at 913-663-1900 or Kevin.honomichl@ibhc.com.
