BHC RHODES Hosts Open House and Welcomes Community at the Company's New Office Location in Dodge City, Kansas

BHC RHODES held an open house on August 27th to welcome the western Kansas community and to open the doors to their new office location at 705 1st Avenue. In attendance was Dodge City Mayor Rick Sower, Kansas State Representative Pat George, economic development council members, chamber members and local community business owners. The evening included door prize drawings, hors 'devours, drinks and a demonstration of the latest in surveying technology called 3-D laser high-definition surveying (HDS).

BHC RHODES has quickly jumped on board with the Dodge City community by engaging in community events such as sponsoring this year's Rodeo Round-up and has completed jobs in Dodge City prior to opening this office location. Joann Knight, Executive Director of Dodge City/Ford County Development Corporation commented, "We are excited to have a nationally known development services company with the outstanding reputation of BHC RHODES join our progressive community." Previous project involvement in the Dodge City area includes the 6th Street Extension, 14th Avenue Corridor Geometric Design and a project with Supreme US Inc. Greg Reimer, General Manager/Engineer for Supreme has stated, "I am very pleased with BHC RHODES' performance with our warehouse expansion. The construction plans were very thorough which helped our project pass city approval without encountering permit delays saving weeks on the construction startup date. Thanks for a job well done."

Michael Klein is the contact at the Dodge City location. Mr. Klein recently joined BHC RHODES with 36 years of experience as a land surveyor. His project experience covers a wide variety of land surveying and engineering applications including public, private, and commercial development, boundary and engineering surveys, and construction staking. Mr. Klein also leads client development and office management functions for the Dodge City, KS office where he works in the utility services division. BHC RHODES' full range of services will be available to western Kansas and surrounding areas. Those services include development, public works, surveying, telecommunication and utility services.

BHC RHODES, civil engineering and surveying firm was founded in 1992 and is based in Overland Park, KS. Their progressive work environment and “no problem” service led to their growth and recognition as one of the fastest growing businesses in Kansas City. BHC RHODES has been recognized by Ingram’s magazine, The Kansas City Business Journal, Commercial Journal magazine, MSNBC’s “Pick of the Week” and Kansas City’s NBC News “Business In Action.” BHC RHODES has also been awarded Best Places to Work both locally and nationally.
