

PROJECT TITLE:

Chaney Lane Extension

Project Location:	Overland Park, Kansas
Scope:	Grading, Drainage, Paving Improvements
Self-Performed Work:	Design, Plan Preparations
Construction Cost:	\$199,000
Project Start Date:	June 2006
BHC RHODES Client:	Johnson County Public Works
Contact Name:	Don Hovey, P.E.
Phone Number:	(913) 715-8346
Project Owner:	Johnson County, KS
Contact Name:	Don Hovey, P.E.
Phone Number:	(913) 715-8346

An expansion of Chaney Lane was necessary to provide a second access to Oakmont Estates and adjacent subdivisions. As Overland Park continues to grow and expand to the south, many roads will need improvements to provide safety for the residents. BHC RHODES provided professional engineering services for the improvement and extension of Chaney Lane from its previous end, south to 167th Street. The improvements include 1,400 feet of grading and surfacing on Chaney Lane to the north right-of-way line of 167th Street. BHC RHODES delivered field check plans to Johnson County and to the City of Overland Park within 30 days after the start of the project.
