Phone Number:	(913) 780-1590
Project Owner:	Duggan Homes
Contact Name:	John Duggan
Phone Number:	(913) 780-1590

BHC RHODES provided engineering design and surveying services for this 25.28 acre, 50 lot residential subdivision located along 71st Street between Gleason Road and Apache in Shawnee, KS. Engineering design included grading, storm sewers, and sanitary servers. Survey services included staking of lot corners. Construction staking was also done of the roadway including curb and gutters, sanitary sewer and storm sewer to serve the town home project.

A verification of the finish grade elevation was done to confirm that the lots conform to the design elevation as depicted on the grading plan at the time the rear property corners are to be set.
