

PROJECT TITLE:

## Leawood Residential Street Program High-Definition Surveying (HDS)

Actual Photo

<b>Project Location:</b>	Leawood, Kansas
<b>Scope:</b>	High-Definition Surveying (HDS)
<b>Self-Performed Work:</b>	High-Definition Surveying (HDS)
<b>Project Start Date:</b>	2006, 2007
<b>BHC RHODES Client:</b>	City of Leawood, KS
<b>Contact Name:</b>	Joe Johnson, P.E.
<b>Phone Number:</b>	(913) 339-6700

BHC RHODES provided high-definition surveying (HDS) support in several areas of the City. Our services included digital reconstruction of plat geometry, field recovery of lot corners with ties to reference monuments and rectifying plat to City-generated base mapping. We performed the HDS service for three years of street rehabilitation programs (2006 – 2008). The project was funded by the City of Leawood's capitol improvement funding program.
