<b>Phone Number:</b>	(816) 331-0488

Identified as one of the City of Raymore's major collectors, North Madison Street needed reconstruction to make it safer and more efficient for motorists and pedestrians. BHC RHODES performed studies on existing traffic conditions and developed recommendations for improvements. Also, planned in the engineering design were significant improvements to an open drainage way that paralleled North Madison. Design improvements for North Madison are located from 58 Highway to 163rd Street.
