Contact Name:	Bill Haverkamp, L.S.
Phone Number:	(785) 286-5100

BHC RHODES' survey group was selected by KDOT to provide on-call design surveying services statewide in Kansas. We will provide the following survey services:

- Engineering surveys
- Flagging of proposed right of way
- Supplemental surveys to original surveys
- Land survey of right of way and installation of right of way markers
- Cross sectioning of roadway and/or borrow locations
- Re-establishing section corners and control points
- Similar surveying services

Task orders will be issued for individual projects for a three-year period with scope of services, schedule and fee negotiated for each project.
