

PROJECT TITLE:

Overland Park Elementary School Improvements

Project Location:	Overland Park, Kansas
Scope:	Engineering Services
Self-Performed Work:	Surveying
Construction Cost:	N/A
Project Start Date:	2006
BHC RHODES Client:	Shawnee Mission School District 512
Contact Name:	Donavon Coup
Phone Number:	(913) 993-8515
Project Owner:	Shawnee Mission School District 512
Contact Name:	Donavon Coup
Phone Number:	(913) 993-8515

Overland Park Elementary has been part of the Shawnee Mission School District for over 130 years. Their current location is their seventh facility in that time span. BHC RHODES provided asphalt overlay construction documents to improve the storm drainage in the parking lot. New asphalt was only placed in certain areas of the parking lot that needed improvement to help budget material cost and control storm runoff. BHC RHODES continues to provide civil engineering services for other improvement projects in the school district.
