| Project Owner: | MoDOT |
| Contact Name: | |
| Phone Number: | (816) 622-6500 |

BHC RHODES partnered with Paseo Corridor Constructors on this project to relocate LightCore’s telecommunications for new highway and bridge related work. The new “iconic” cable-stayed bridge is expandable to eight lanes and capable of accommodating a future bicycle/pedestrian facility and is being built just east (downstream) of the existing Paseo Bridge.
