Phone Number:	(913) 312-2706
Project Owner:	TW Telecom, Inc.
Contact Name:	Kenny Robertsen
Phone Number:	(913) 312-2706

BHC RHODES was selected by TW Telecom, Inc. to provide audit services (including field data gathering) and drawing production on approximately 6 miles of existing rings in Tulsa, OK. In addition, BHC RHODES produced cable placement drawings for placing new cable in the CBD2 conduit system leased from the City. BHC RHODES provided all cable data including cable type, sequential and fiber mapping TW Telecom's OSPInsite management software. BHC RHODES also obtained map accurate GPS locations on all structures and produced final record drawings in formats acceptable to both TW Telecom, Inc. and the City of Tulsa. Approximately 100 drawings were developed in all.
