Project Owner:	Felsburg Holt & Ullevig, Inc.
Contact Name:	Kyle Anderson, P.E.
Phone Number:	(402) 445-4405

BHC RHODES was part of a consultant team selected to develop a plan for US 69 Highway in the City of Fort Scott and rural Bourbon County, Kansas. The plan addressed various existing conditions and developed recommendations as to land use, access management, and long-term operation within the corridor.

BHC RHODES provided support with traffic data collection, integration of available GIS data from the City and County, and preparation of supporting graphics.
