<b>Project Owner:</b>	City of Edwardsville, KS
<b>Contact Name:</b>	Michael Webb
<b>Phone Number:</b>	(913) 441-3707

BHC RHODES was called to provide full-time construction engineering services on this federal aid project. Improvements included road and street improvements to Woodend Road and the interchange ramps at I-435. Our construction inspectors worked with KDOT and the City to address all concerns, plan changes, utility relocations and other issues encountered by the contractor during construction. Traffic control and access to business throughout construction created a particular challenge on this project.
